

25 November 2021: ASX RELEASE

MSL and Doshii sign a second multi-year partnership agreement, with new MSL POS solution, OrderMate

Highlights:

- MSL owned OrderMate partners with Doshii to provide OrderMate venues the ability to connect even more of their hospitality apps. This partnership is the second agreement between Doshii and MSL Solutions after the announcement in March 2021 between Doshii and MSL owned SwiftPOS.
- Australian scale-up, Doshii, is a middleware platform that enables hospitality venues to seamlessly connect their point-of-sale with a wide range of hospitality apps, including pickup and delivery, in-venue ordering, rostering and reservations apps. Doshii helps venues eliminate double handling of orders, reduce mistakes, and find new opportunities to streamline their operations and increase revenue.
- Launched in 2016, Doshii became an operating division of x15ventures, a wholly owned subsidiary of the Commonwealth Bank of Australia (ASX: CBA) in December 2020.
- The agreement is expected to be worth over \$800k over the next 5 years in addition to the over \$1.3 million over 5 years announced in March 2021.

MSL Solutions Limited (ASX: MSL) announces its partnership between its POS Solution OrderMate and Australian hospitality point-of-sale and app middleware platform, Doshii. The integration will provide OrderMate's 2400 customers in Australia with the ability to connect their favourite hospitality apps from Doshii's growing marketplace directly to their point of sale for seamless and efficient automation of operations.

The agreement fundamentally supports MSL's operations by:

- A reduction in development, maintenance and support expenses of MSL, leveraging Doshii as an integration partner and provider of 24/7 monitoring and support.
- The opportunity for qualified new and existing venue leads from Doshii sales executives and CBA business relationship managers.
- Ongoing PR and marketing opportunities with Doshii.

Justin O'Donnell, CEO of Doshii said, "It's been a big year for Doshii, we have increased our ecosystem from 20% to 75% of venues in Australia and our new partnership with OrderMate is the icing on the cake! As two businesses determined to simplify technology for hospitality venues, we're looking forward to working with OrderMate to help their venues unlock even more value from the tech they already use today".

Pat Howard CEO of MSL Solutions said, “MSL want to provide our 8000+ customers with choice. OrderMate connecting with Doshii allows our Ordermate customers access to all the hospitality apps that they want, still leaving the POS as the cornerstone of the operation. We see this as a strong positive outcome for our customers, MSL, OrderMate and Doshii.”

About OrderMate

OrderMate is the cross-platform point of sale built for hospitality in 2400 venues. OrderMate point of sale systems cater for advanced table management, online/phone orders for pickup & delivery, contactless ordering, powerful integrations, back-of-house reporting and more.

About Doshii

Australian scale-up, Doshii, gets a hospitality venue’s apps talking to their POS, so venues can eliminate double-handling of orders, reduce mistakes, and get back to doing what they do best.

Doshii works with most leading POS providers and boasts the largest menu of hospitality apps in Australia, including pickup and delivery, in-venue ordering, rostering and reservation apps.

As of November 2021, Doshii has helped serve over 168 million orders - and is hungry to do a whole lot more!
